- Active Parent Teacher association to close interactive relation between the college and the parents.

**From the Chairman desk**

**Dear Students,**

***As I pen this message, I have great pleasure in welcoming you to the Parvesh Group of Medical Sciences and Hospital. I am glad to share that the Parvesh Group of Medical Sciences and Hospital has reached yet another milestone in its journey by establishing a medical institution since 19 June 2013.***

***We are commencing our journey in healthcare education with a mission to develop quality healthcare professionals. We commit ourselves to the welfare of humankind, as we strive to provide one of the best health care services to the rural masses. Indian healthcare professionals have the advantage of working in a very biologically active region exposing them to treatment regimens of various kinds of conditions. The healthcare sector in rural areas face many challenges due to certain limitations including the non-availability of diagnostic tools and increasing reluctance of qualified and experienced healthcare professionals to practice in under equipped and financially less lucrative rural areas.***

***Vision is to provide to meet the needs of the population. We hope to realize our dreams of making this medical institution the best for quality healthcare and healthcare professionals. Our team of expert faculty, medical staff and professionals, educationists are constantly working to achieve higher standards for healthcare services and education.***

***I invite you to join in this exciting journey into a bright future and extend my best wishes to all our members.***

**Dr. SHIV DUTT  
Chairman**

## **From the Managing Director Message**

**Dear Students**

***As I pen this message, I feel privileged to share my pride and pleasure with you. Health has been recognized as a fundamental right of all human beings which implies right to medical and nursing care. In the modern era of health-conscious society there is greater need for the highly qualified and trained medical and paramedical personnel. The management is striving hard to infuse the spirit of service of the founder of medical care “The Florence Nightingale” both for the ailing and healthy community from womb to tomb and every effort is made to groom the medical students to perform their duties honestly, sincerely, efficiently with full dedications. Medical service is an organized body of knowledge and the art of medical in the application of that knowledge for the care of people both in sickness and in health. We instill this aspect into the minds of our students.***

***Here in Parvesh Group of Medical Sciences and Hospital, the students are trained well by the highly qualified and experienced faculty both in the well-equipped lecture halls, laboratories in the hospital. Providing general and special services for clinical practice and in the community for imparting health education for promotive, preventive, curative and rehabilitative healthcare. The management is contemplating to start program, courses in various health and medical disciplines especially in medical in the near future.***

***Hoping well for the prospective candidates seeking medical education.***

***Dr. Parvesh Kumar  
Managing Director***

## **From the Director desk**

**Dear Students,**

***“ The art of medicine was to be properly learned only from its practice and its exercise.” -Thomas Sydenham***

***I am fortunate enough to get the opportunity to express my views as Doctor.***

***As we all know, the medical profession is one of the world’s most sought. You have made a wonderful choice for your future education and training needs in the field of medicine. I am confident that the knowledge and experiences you will acquire over the next few years here will prepare you for the many exciting opportunities and challenges that await you in the workplace, in the society and in your life. From choosing the right career path and making difficult life choices to handling examination, students often find themselves stuck in a never-ending maze. The medical field is one such career where students find it difficult to cope up with the curriculum, workload, working hours are in constant need of inspiration.***

***“Learning, Observation, Understanding and Working” these make the medical professional perfect.***

***Dr. Navneet Nautiyal***  
***Director***

## **Principal's Insight.....**

**Dear Students,**

**“LEGENDARY INSTITUTION DO NOT HAVE HISTORY BUT THEY CONTINUE TO MAKE HISTORY.”**

*Life becomes meaningful with each step that we take towards our vision. The value of education is perceived only when it is shared or practiced for a dignified cause. One such meaningful step and a gracious profession is Teacher and Doctors profession. We, at Parvesh Group of Medical Sciences and Hospital are happy to have indulged ourselves in both these professions. From the establishment of Parvesh Group of Medical Sciences and Hospital, we have come a long way bearing a pledge of building a strong base and a golden platform the students.*

*The faculties of college and hospital are well experienced who remain the sources of knowledge for the students. The faculties are committed to transfer their clinical knowledge from their experiences in their own field of expertise to the students. With fully equipped laboratories of all departments and centralized digital library, we are giving training to the students of all departments with panchakarma center. Also giving the training to the students with more practical knowledge as equal to the theoretical knowledge they learn from the syllabus. On top of these, the actively functioning fully furnished hospital built-up enthraling the campus has helped the students gain clinical knowledge by practically attending the patients and also benefiting the patients at a larger scale.*

*With all these, we intend to continue our journey for years.*

*Welcome to a college that changes lives. We believe that education is far more than just training for a job well done; it is formation for a life well live. “I will be delighted, dear young friends, to have you join our academic community where a vibrant and enriching experience awaits you.*

**Dr.Srishti Sharma**  
**Principal**

## **PARVESH COLLEGE OF MEDICAL SCIENCES & HOSPITAL**

### **➤ LEGACY**

***PARVESH COLLEGE OF MEDICAL SCIENCES & HOSPITAL, TALWARA with potential for Excellence and Technology is the land of medical life. Dr. Shiv Dutt planted a small sapling in 19<sup>th</sup> june,2013 which grew into a gigantic tree, the tree which has continued to provide calm repose of enlightenment to youth. At its inception, the task was obstacles in the way seemed unbeatable. He started his journey with small institution of pharmacy(ayurvedic). With the passage of time, his and their whole team hardwork gave the new stand and structure to this institution. Now they become the new life in the form of Parvesh college of medical sciences and hospitals. They provide the various courses of medical field for studies in college and parctice in hospital.***

***In the support of healthcare his dream comes true as Parvesh Multispeciality Hospital in which their team provide various facility of healthcare in one form for saving the life of people.***

***This institution, education is a definite hope for the ideal of youth empowerment through education. It creates generation who change the world.***

PARVESH COLLEGE OF MEDICAL SCIENCES  
A tradition of excellence in medical sciences education.

---
